

NEW IQRA PUBLIC SCHOOL

SIWAN-SISWAN ROAD, HARIHANS, Siwan-841286(Bihar)

ANNUAL REPORT

New Iqra Public School aims to provide quality education and an impressive centre of learning where people can write their own success stories. I, I.A. Shahzadul Haque, the Principal of the school take immense pleasure and pride to present to you a report of our activities and achievement of the past years.

Vision and Mission:

Our founder Er. Ainul Haque established the school in 2016 under the aegis of Educational & Welfare Trust, Siwan. The main aim to establish this institution is to impart quality education and provide an impressive centre of learning for the students of rural areas..

“The Vision of Er. Ainul Haque is based on the path of Sir Syed Ahmad Khan, who was a great reformer & educationist who said “Education is the most powerful weapon which you can use to change the world. IQRA itself means “to read”

Philosophy:

The school focuses not only on advanced academics but also on extra-curricular and co-curricular activities. Students are trained at a very young age towards incorporating a sense of responsibility, loyalty, team spirit, and healthy competition to become graceful and dignified personalities.

Staff:

The school has an experienced and dedicated team of 27 teachers from Primary to Secondary. In addition, we have more than 10 Non-Teaching and Supporting staff coordinating with each other to accelerate the function of school smoothly.

PTM / SMC:

Parents teachers meet as well as School Managing Committee meetings are held regularly after a gap of 3-4 months every year in the school campus to address the complaints and consider the suggestions of the guardians.

Academic Activities:

Competitions and academic activities that go beyond the text books and the classrooms encourage and foster a healthy and competitive spirit and effective communication skills in the students. Some of these events are handwriting, essay, speech and slogan writing competitions. Competitions are also held for Poetry recitation, story writing and narration, debate, English and Hindi & Urdu, quiz competitions are also held to bring general awareness among students and be competitive.

Games and Sports Competitions:

Games and sports are regularly organized in the playground as routine wise. It is very necessary to develop a sense of friendliness among the children and also build their team spirit. It helps children to develop mental and physical toughness. Bearing this in mind, the school provides ample opportunities for students to perform regular exercises like athletics, Badminton, Volley Ball, kho-kho, football etc.

Infrastructure:

There are 24 class rooms sized 25'*20' i.e. 500 sft. each. Beyond this, there are well equipped Science labs and Library with more than 3000 books. There is a separate reading section for teachers in the library hall. There is a separate computer lab equipped with 40 computer sets for the students to perform lab as per routine under the guidance of the I.T teacher.

Conclusion:

By the grace of God we have achieved two big campuses one green campus is for the prayer and the other is being utilized as playground. Annual function and other programmes are also organized in that very campus.

Every year we use the development fund for the benefit of the students and we construct the rooms, toilets etc as per requirement. It is our best effort to maintain the academic atmosphere with discipline and to make the students God fearing.

I render thanks to our staff members who are dedicated to their work in the organization. Finally, I express my gratitude to our Management, Members of the school managing committee, teachers, and non teaching staffs, parents, and students for their continuous support and positive response to make this institution achieve its Vision and Mission.

Now, I conclude the report with regards.

Thank you.
